OLYMPIC

Postage Stamp Album

Description

Cover--

The cover is made of a beautiful heavy antique finished art paper, a rich chestnut brown color. Will not soil readily, is artistically printed in a rich, deep red, green and gold. Finished with rounded corners.

Pages--

One hundred pages 9 1/4 x 8 inches, printed from new plates, with an artistic border surrounding a fine quadrille ground work for mounting. This quadrille work is marked with a center of page position mark as well as position marks at both sides and at top and bottom of the page for accuracy in mounting. The paper is a light weight white bond paper, light in weight so that the book will lay open when in use.

Binding Style--

Pages are held in the binder by the Chicago Screw Post method of binding—three posts. This gives a firm, yet easily interchangeable binding. Has extra expansion stubs for 3-16 inch expansion.

A Hoover Depression Production

There has always been a demand for a low priced loose leaf album. This demand has grown during the Hoover Depression until today, the album is a necessity, that it may fit the Hoover pocket books.

For All Uses

Every stamp collector has wanted a cheap, yet practical and artistic, low priced loose leaf album for mounting those odds and ends, for whipping special countries into shape before mounting in his better permanent albums.

Young collectors get the blank album fever and the Olympic album is the ideal album with which to meet the demand.

Precancel collectors will find the Olympic album useful, practical and modest in price.

The Olympic album is just the album you have wanted for side lines of all kinds.

As a duplicate book for trading and exchanging at your club meetings, or for special displays, you will find the Olympic album can not be beat.

Dealers will find the Olympic album a practical and attractive display and counter sales book. Suitable also for large approval selections, mounted collections and similar uses.

VOL. 4, No. 35

COLUMBUS, OHIO, SATURDAY, JULY 2, 1932

Notes on Stamps of Denmark

By Montgomery Mulford

THE first postage stamps of Denmark were issued under King Frederick VII (1848-63) in April of 1851. The designs included either the value of the stamp, or the crown and crossed swords of Denmark. The issue was printed by M. W. Ferslew. There were two values, the second value not appearing until April of 1852.

The first Danish stamps with a portrait appeared with the 1904-05 series of postage. King Christian IXth is portrayed on the 10, 20, 25, 50 and 100 ore values. The others of the series contain the value of the denominations in the center.

The 1907-12 postage series portrays on all values King Frederick VIII who came to the throne in 1906 (reigned to 1912). In May of 1912 Christian Xth came to the throne; a series portraying him, his first stamps, appeared in 1913-15.

In 1920 came a commemorative issue celebrating the union of Northern Schleswig with Germany. The stamps bear various castles in the design, as: Kronborg at Elsinore on the 10 ore, and Sonderborg castle on the 20 ore.

In 1924 occurred the 300th anniversary of the Danish postal system. The stamps which appeared portray two Danish Kings, Christian Xth of course is honored; and so is Christian IVth.

The first airmail stamps of the country appeared in 1925, the stamps bearing a design of a plane flying over a man with a plow. The issue was a 10 and a 25 ore stamp; in 1926 appeared an additional value the 15 ore value.

Scandinavian stamps suggest some history; and those, such as the above Danish issues, will not in this article be gone into technically. The varieties will be left for others to discuss for here we are mainly concerned with the designs and what they signify. This writer believes that those stamps

portraying Christian IVth to be some of the more interesting Danish portraiture issues.

Christian IVth was king during the European Thirty Years' War, and leader of the Protestant faction in Lower Saxony area. He met a defeat in Brunswick (Aug. 1626), two years after the Danish postal system is said

to have first been authoritatively established. Christian IVth made peace with the Germanic Emperor at Lubeck in 1629; the result was that Denmark received back all lands taken in the war, while the Danish king pledged himself no longer to interfere in German affairs.

In making a collection of stamps it is interesting to add annotations in an album, particularly in a blank al-

The 1926 Danish issue illustrates an early sailing vessel something like those used by the early Vikings. These tiny ships sailed across the Atlantic years before Columbus and the Spaniards began their trek.

The average catalog prices of Danish postage stamps are not steep. The 2rs. stamp of the first issue is cataloged at \$100; but few other stamps of the country—outside the varieties of some of them—are highly priced. A few are priced as high as \$15 and \$7, but the rest (the majority) are not highly priced.

Denmark was once a great country, stretching over much of Scandinavia; and during the course of centuries Norway and Sweden contested for supremacy with the Danes. The Danes met with some serious set-backs which of course would not be hinted on its stamps; such historic chapters must be "read" in Norwegian and Swedish issues.

THE AKRON BOUNCE

H. K. Jones of Akron, Ohio, sends a clipping from one of the local newspapers and suggests that the Akron Club is getting a rough reputation if one can believe what is printed in the local newspapers.

The clipping at hand states among other things that on "Thursday evening, Herbert K. Jones will speak at the regular meeting at the Hotel Mayflower. The usual bounce will follow the discussion."

Mr. Jones states that as yet the Akron Club has no "official bouncer" but he wants to nominate Charley Lucas for that position, for reasons known to many visitors to past annual meetings, and to which next one all are invited.

bum, so that the issues are more readily understandable and so that the designs may be briefly and tersely explained. Thus, besides the philatelic information we shall have history and geography notes of explanation to make such a collection more attractive.

CANTON CLOSES SUCCESSFUL SEASON

The McKinley Stamp Club of Canton held its final meeting of the season in the form of a dinner at Hotel Onesto, Wednesday, June 15th, with Nelle Tressel as chairman.

At that time its new officers for 1932-33 season were introduced: Bob Yant as President; E. I. Baer, Vice-President; and, W. J. Sossong, Secretary and Treasurer.

A short talk was given by the new President and greetings were delivered from the out-of-town clubs by Walter Poppenger of Akron; Mike Lloyd, of Cleveland; and, Dr. Coleman of New Philadelphia.

A door prize was the reward of the lucky number held by Dr. Coleman and proved to be one most satisfactory and useful to any collector. Presented with the package which was of rather large proportions, Doctor viewed it with much suspicion and almost decided to wait until a later time to open it. However, his curiosity got the best of him and with much temerity and yet eagle-eyed watchfulness, he opened it and found it to be a very attractive loose leaf album, and of course he hastened to apologize. (We have been wondering just why

he should suspect a meek and quiet crowd like the Canton bunch!)

Following this, a short time was allowed for inspecting the auction lots and looking over the circuits. The auction was called and managed by Mr. A. H. Anthony, and a right good auctioneer he is! His ability to detect bids or suggestions of bids was more evident than ever, and it was noted that a certain one of the Cleveland delegation left with a substantial start of a mixed collection.

It was also noted that Akron was very curious and bid quite consistently on the "blind" lots in the auction. O. H. Wolcott bought an item which, it was announced, would be "hard to match"—and sure enough, it turned out to be a match stamp.

McKinley Stamp Club was happy to have with them representatives of Akron, Cleveland, New Philadelphia, and Warren; also Capt. Jones of the United States Army, from Washington, and Mr. Judge from Cleveland. The club extended a cordial invitation to all to visit the club at any time—commenting that "the latch-string is always out" to their friends.

BEFORE AND AFTER

Editor, Linn's Weekly Stamp News:

I see by the first day covers that us has finally decided to issue advertising stamps following the example set by other enterprising governments.

The new advertising stamps are the 5c blue titled "Before B. V. D.'s" and the 3c purple entitled "After B. V. D.'s". These advertisements are, however not up to the usual standard of the B. V. D. Manufacturing Co. as it is quite apparent that they were not prepared by an experienced advertising man as no mention of the Company or the above mentioned titles are shown on the stamps. However, on second thought, this may be rather a clever stunt as everyone will immediately recognize the product of the Company on the 3c stamp.

We congratulate the B. V. D. Company on the enterprise shown in placing their advertisements in millions of American homes.

Nuky Wilson.

BUILDING UP YOUR U. S. COLLECTION FOR THE SMALL SUM OF \$1 PER WEEK

In a period of national stress such as we are now experiencing, the natural tendency is to abandon luxuries in which stamp collecting falls. However, stamp collecting is more than a luxury—it is a recreation—a means through which we are enabled to forget our worries and, as such it should not be abandoned.

With this idea in mind, six months ago we evolved a plan for systematically building up United States collections at a minimum expenditure of one dollar per week—the maximum to be determined by the individual's pocketbook. Our plan has been enthusiastically received by collectors who realize that a small amount regularly invested in United States stamps, at a time when large expenditures are impossible, will result in their building up representative and worthwhile collections at almost unnoticeable expense.

May we send you the details of our plan? Please do not write unless seriously interested.

A FORECAST AND RECORD

Swift to Report → Straight to Record

Send all information regarding new issues direct to the editor of this Department, address below.
Stamps submitted for examination and listing will be returned promptly.

RAY SHEPARD, . . . 1529 DUXBERRY AVE., . . . COLUMBUS, OHIO

UNITED STATES—By the time these notes reach our readers, the new Stuart 3c. will have been issued in coil form (sidewise). First day of issue was June 24th. We also learn that one billion new 1c stamps will be issued on July 6th, but whether this means a new design, or just additional supplies of the current design, we cannot say.

(C. E. DITTMER)

We note in Ward's column in Mekeel's that a "recut" has been discovered on the 4c Bicentennial. It occurs on the same plate and pane as the one in which the broken line under "Cents" appears. The recut however occurs on the 89th stamp of the sheet and consists of the following "Washington's left eyelid, instead of being without color, has diagonal lines. There is not a heavy triangular line above the lid but simply a thin single line and the eyebrow and the balance are slightly different." We are fortunate in having in our collection a block of four, with plate number, of the broken line variety and so we also have the 89th stamp on the same block.

ANDORRA—The new pictorial series, heralded as far back as our issue of Oct. 3rd, was due to appear on June 16th. The designs shows views in the Vale of Andorra and the stamps are recess printed. At the time these appeared the provisionally overprinted French stamps were to be withdrawn.

(A. F. Turner, London, Eng.)

BELGIUM—The first of the Cardinal Mercier stamps is at hand on a cover from Rene Boon.

10c plus 10c purple

CANADA—A First Day Cover of the provisional heralded last week, is at hand. The numerals at either side are blocked out by four horizontal bars, with the numeral "3"

in between and raised a trifle above the bars. The surcharging is well done on the specimen at hand, but the cancellation prevents our telling whether it is one Type I or II of the 2c.

Scott's A59—3c on 2c red (black)

(W. E. Miller)

CANADA—On July 12th, the 3c, 5c and 13c values of the Ottawa Conference set will be placed on sale. On the same date, the current (we presume Scott's #502) 5c Air Mail surcharged 6c, will appear. In addition to the surcharge, it will bear an inscription relating to the Conference.

(Lewis W. Garrison)
(W. E. Miller)

CHILE—New Type, surface printed, perf. 13½x14½, wmk. mult. small star in shield, printed at the Talleres de Especies Valoradas, Santiago, Chile.

INTERVIEWS WITH STAMP PORTRAITS

By Capt. A. C. Townsend

Excuse me, are you Mr. Huguenot? Maybe I should say Mr. Walloon. Huguenot may be your first name, and I don't want to be fresh. Anyway, are you him?

No, young sir, I am neither Mr. Huguenot nor Mr. Walloon, and I am sure there is no gentleman here by that name. Has not some one been playing a joke on you?

Oh, no, Mr. Linn don't joke. I mean the editor of Linn's Weekly Stamp News. He laid off his regular reporter on account of his shooting craps with one of the Shades here. I'm the office boy, but he told me to try my hand at reporting. Said to go to the scene of the Huguenot-Walloon picnic and get an interview about the stamps. I recognized the scene on the 2c stamp as soon as I saw it. Not joking yourself, are you?

I see! No, young man, I am not joking with you. I see that you do not fully understand the matter you have in hand, and shall be glad to set you right if you so desire.

Thanks very much, Old Scout. I'll be mighty glad if you will help me with the interview. This is the Huguenot-Walloon picnic, isn't it? I'm not in the wrong crowd?

We are Walloons, but this scene is far from being a picnic. It portrays our landing at Fort Orange, now the city of Albany, N. Y., on May 1, 1624. Not a picnic, but earnestly seeking a land where we could be free to worship God in our own way.

Yo, don't say so! And which of you are Huguenots? None of you? Then why do they call it the Huguenot-Walloon set? Seems mighty queer to me.

Have you a notebook? Well, sit down with me and I will try to make it clear to you. The whole matter hinges on the Reformation. We Walloons are Belgians, although we speak French. The name simply means "pilgrims." The Huguenots are French, and they sought the New World for the same reason we did—to avoid religious persecution—but their venture came to a sad ending.

Say, can't we walk over to the Monument and let me look it over while you talk? That is such a funny looking thing on the 5c stamps that I want to see it close up.

That monument is at Mayport, Florida, my son; quite a long walk from here. It marks the spot where the Huguenots landed in 1652.

And you didn't come until two years later, and you landed in New York? And yet the three stamps commemorate you both! I don't get this at all.

Be patient a minute and I will try to clear it up for you. The Huguenots were Protestant Frenchmen, being persecuted as to their religion. They came to Florida under Ribaut. He set up the colony and returned to France for supplies and more colo-

nists. The people he left behind passed a cruel winter. Then a Spaniard by the name of Menendez arrived with the avowed intention of killing all Protestants in the new land. He killed nearly all the colonists, and when Ribaut returned with more ships and men, Menendez by treachery killed most of them, including Ribaut.

Well I'll be doggoned. The dirty bum! I hope something happened to him.

It did. Another Frenchman, a soldier of fortune, came to avenge his compatriots. He killed all the Spaniards involved in the massacres, but it was a long time before the Huguenots made any other settlements in the New World.

Glad to hear it—about croaking the Spaniards, I mean. But how about you Walloons? Anything of the sort happen to you?

No, I am happy to say. We arrived on the New Netherlands, as shown on the 1c stamp, entered the Hudson River and made our settlement at Fort Orange. We made friends with the Indians instead of fighting them, began exchanging weapons for furs, and made a lasting treaty of peace with them. Being farmers, we soon established ourselves firmly, and later we spread out over several states. I may say without boasting that people of our blood have borne a large part in the upbuilding of true America. There you have the story.

That's fine, Old Man. Now I'll be on my way. Say, that fellow Menendez is not around here, I suppose?

No, he certainly is not. Why? I just wanted to take a good kick at him in passing. So long!

K. M. GIERHART, BALTIMORE, OHIO

Mr. W. G. Windhurst of Marion, Ohio, submits some very interesting items in the Bi-Centennial series from New Washington, Ohio, type II, and according to Mr. Windhurst an error shows in the 23rd stamp of this plate. New Washington in one line, ton Ohio in the next is the arrangement of the handstamp the error being a period instead of a dash or hyphen after Washing. Strips and pairs showing this error very clearly prove this to be a true error.

A note from Rev. Maclay Gearhart of Erie, Pa., tells me that he was fortunate enough to obtain four blocks of four containing the shift in the 30c bison. He put one block in a N. Y. auction and it brought \$20. He did

not say but I presume a general U. S. collector bought it. These were all precancelled in Erie type III, U-1.

Have had a number of collectors write in asking where they could get a pamphlet or something about precancels, and I thought perhaps there are others who would like to have this information. Write to John Spaulding, New Berlin, N. Y., enclosing 4c in postage, and hurry or it will be 6c, asking for the booklet called "A B Cs of Precancel Collecting".

I note that Greenville, Ohio, is using an unlisted handstamp now. Got it on the 5c ordinary, inverted. Wonder what's become of their electro, it seemed to be in good shape and was never used much. Have a report that the 30c shift was precancelled at Youngstown.

TRI-STATE MEETING AT JAMESTOWN

Word is at hand from our chief traveling correspondent Roscoe B. Martin of Forestville, N. Y., regarding the big meeting of Stamp, Coin and Curio collectors at Jamestown, N. Y., on June 17th and 18th.

Both the Jamestown Morning Post as well as the Jamestown Journal gave many columns of space to this meeting and a complete report would take several pages in this paper.

It is sufficient to quote Roscoe B. Martin who says: "This Jamestown blowout was the largest in amount of material on display, number at banquet, excellence of both the stamp and coin auctions, of any I ever attended anywhere." And take it from us, Roscoe attends most of them.

Since last December, the big Akron, Ohio, meeting had held the record for large meetings of stamp collectors. We now look forward to seeing Akron try to wrest the palm from Jamestown, this coming December. Numerous of the Akron workers were at Jamestown looking for pointers and if the Akron crowd does not beat the Jamestown record it will not be because they did not make a strenuous effort.

This meeting at Jamestown was unique in the way it was handled and financed. No charge was made any of the visiting guests who were members of any other stamp club, even the banquet tickets were free, and no charge was made exhibitors for the frames and display cases used.

Both a coin auction as well as a stamp auction were features of this meeting and the biggest gathering of coin men in years was at this meeting.

THE LYRE BIRD

Our always welcome contemporary The Australian Stamp Journal, published in the February issue, a most interesting description of the Lyre Bird, in an article officially furnished by the Commonwealth Postmaster General's Department, and from it we take the liberty of giving the following extracts—

The Lyre Bird is the subject of a design for a new 1/- postage stamp, which will be issued on the 15th February by the Postal Department. This stamp will be one of a series depicting the fauna of Australia, and it will replace the stamp of the "Kangaroo" design now in use.

Of the birds typically Australian, the Lyre Bird has been selected as the most interesting, and much has been written regarding the characteristics of this remarkable bird. It is exceedingly shy and timid and so sensitive that attempts to keep it in captivity have so far not met with success. It has its haunts in heavily timbered country where the chances of being disturbed are very remote, and it is in these out-of-the-way places that the male bird displays his beautiful feathers and so ably imitates the cries of the other birds of the forest for the

benefit of his mate. Matings time is mid-winter and, so far as is known, the same birds mate each year. The hen bird lays only one egg each year and the period of incubation is about forty days.

The colouring of the bird is dull, and is in keeping with its surroundings. The predominating colour is dark brown, accompanied with grey as a contrast. In this respect, and, also, in regard to size, there is a similarity to the pheasant. It is thought by some that possibly the Lyre Bird is an offshoot from the pheasant family, although ornithologists place it in a class by itself.

The conventional manner of depicting the male bird is with the tail feathers erect at right angles to the body, and this manner has been adopted in connection with the new stamp design. Under ordinary circumstances these feathers are folded and lie in a line continuous with the body, but on the occasion of a display the feathers are spread out in the shape of the lyre and are lifted over the bird's head and back. It is during such phases that the bird's wonderful power of mimicry is exercised, when the cries of the other birds are reproduced, the calls following one another continuously and without interval. The calls of numerous birds, such as the Kookaburra, Magpie, Cockatoo, Bell Bird, Butcher Bird, Whip Bird, and others are reproduced with equal facility, and even the calls of animals, or sounds, such as the chopping of wood, are imitated at times.

The bird's diet consists of insects, worms, centipedes, etc., and Nature has given it large and powerful claws with which to secure its food from the earth.

In selecting this bird for the central figure of a stamp, the Postal Department has chosen one not only typical of Australia, but one which should prove a good advertisement for Australia.

When it was decided to produce such a stamp, the Stamp Printer was asked to prepare designs and these sketches were submitted to the Ornithologist of the National Museum for his criticism. Acting on his advice, the drawings were slightly amended in order that the representation of the bird should be technically correct, except that the conventional manner of showing the tail feathers erect has been adhered to.—Philatelic Journal of Great Britain.

ARBOR DAY STAMP VARIETY

Mr. P. D. Berlaw of New York sends a clipping calling attention to a variety in the Arbor Day Stamp. It is to be found in the 36th stamp of the upper right pane on plate 20873. The tree in the background, opposite the boy's shoulder is incomplete.

THE NEW STAMPS We can not say that we are at all proud of the new Olympic stamps that have just been issued. Neither of the stamps is such as to bring forth words of praise. The 3c is much the better of the two as far as general appearance is concerned, the white ground behind the sprinter gives a far more pleasing appearance to the stamp than does the whole world behind the athlete hurling a custard pie. This picture makes us think of nothing more than one of the Hanlon Brothers in a characteristic pose. Perhaps the horseshoes on the stamp are meant for luck and we will of course be hopeful that the American entrants in the games will win the hundred yards dash as well as the discus throw so that the foreign papers can not ask us why we did not picture winners on the stamps as was the case with the Lake Placid issue.

Numerous collectors have complained of poor copies on the first day covers and we have seen some on covers that have reached our office. One Columbus collector states that his block of five came to him in the form of a pair and a strip of three.

Our thanks are due our many friends in California and elsewhere for the many nice covers bearing these new stamps that have reached our office. Among the names on the covers we find Elmer C. Carvey of Pasadena; W. G. Crosby of San Pedro, the cover being mailed from the U. S. S. Maryland in Los Angeles Harbor; Norman Arkin; W. S. Bellows, M. D., Los Angeles; W. C. Lowe, Los Angeles; I. F. Duddleson; F. W. Waterman, Anaheim; H. G. Trout, who

mailed his cover from his home town, Long Beach; M. L. Smith, Orange; W. C. Ahlman, Orange; Hill Top Stamp Company, Los Angeles, as well as a few others which contain no cards or addresses.

Numerous very pretty and attractive printed and handstamped cachets are shown on the various covers and a collection of these is a very nice souvenir of the forthcoming games.

Perhaps the most interesting cover in the lot is one from Hart Junior High Stamp Club of Cleveland, Ohio. This cover has a hand drawn cachet and a unique form of address. A note inside is from James M. Salters, Art Teacher of the School.

SPEAKING OF NEW STAMPS The day following the issue of the Olympic Stamps there was issued at Washington, D. C., the new 3c purple which was made over from the current 2c Bicentennial. This new 3c stamp is identical with the 2c Bicentennial stamps except that the dates are omitted. The stamp is a beautiful piece of workmanship, the omission of the dates improves the appearance of the stamp and the design shows up more pleasing in the purple than in the familiar red color. All of which goes to show that our Engravers can produce beautiful work when opportunity permits. With the vast volume of these stamps that will be necessary to supply the demand we predict a wide range of shades in this stamp and collectors who lean to such varieties will do well to pick them up as they come along.

OUR LUCKY NUMBER Your Editor has been so busy in the past month, trying to keep the Hoover Prosperity from swamping the boat and trying to take a day or two vacation at odd times that he has not checked up with the young lady who handles the mailing list in our office and got the figures on the exact number of papers being printed each week. On June 23, the date this is being written, our pressman stated in a casual way that next week, meaning July 2 issue, "we will go over the 13,000 mark." I immediately asked how many were printed this week and was told that the press counter showed 12,925 copies.

Thus, with this issue we top the 13,000 mark and since 13 has always been our lucky number we are going to start planning right now to pass this number quickly. We are not going to be satisfied with getting away from 13,000 and just making it 14,000. We want to get away beyond 13,000, all in a hurry. The next birthday for Linn's Weekly will be October 29th. That date will end our fourth year and on that date we want to print an issue of not less than 15,000 papers.

When we print this issue of 15,000 we want to keep right on printing that many or more, each week. We want to keep on going. When we reach this number, Linn's Weekly

you can not buy as much pleasure and enjoyment in any other way as can be had for a 25c subscription to Linn's Weekly. You need only tell your friends, show them the paper and they will subscribe.

In order that you may know that we will appreciate the help that we ask you to give us we are going to make an offer that should make every one of our readers send us at least one new subscription.

In the past six months, we have sold hundreds of sets of pictures, reproductions from the portraits from which the Washington Bicentennial stamps have been copied. These sets of miniature pictures are real works of art. The retail price of the set of 12 pictures is 25c. Hundreds of sets have been sold at this figure. The actual cost of the plates and engravings from which this set of pictures are printed was over \$100.00. Thus it is fair to say that this is a Hundred Dollar Set of Pictures. Had but one set been made it would have cost over \$100.00. By printing several thousand sets, the cost per set was greatly reduced, put at a price that made them within the reach of every reader of this paper, yet there are thousands who have not yet obtained a set of these beautiful pictures which are printed in three colors and gold.

This set of miniatures, of cameo-like beauty, will dress up your album pages and show up the beauty of your Washington Bicentennial Stamps.

To those who will help us pass the 15,000 mark by our next birthday, in October, we will sell a set of these pictures for only 5c. All you need do in order to be able to buy a set of these pictures for 5c is to send us a new subscription. Ask any of your friends, take their 25c with their name and address and send it to us, and at the same time send us an additional 5c for your set of pictures. As many sets as you want at 5c each set if you send along a new subscription with each set you buy.

MR. ALBERT SALATHE OF SYRACUSE, N. Y., who is a regular advertiser in the Weekly was a visitor at our office on June 22. Additional Postage

Many air mail collectors have covers sent out for future events, some of which will not take place before July 6th at which time the 8c rate goes into effect. We wonder how many have a complete list of such covers they have sent and to whom? That comes in mighty handy now, because it is wise to forward additional postage to take care of the increase very soon. Of course the department has ruled that for a short time air mail with 5c postage will be forwarded 3c postage due, but no one knows just how long, and such covers do not present a very attractive appearance, and we can't expect our co-operators to supply the extra postage, so it is important that collectors give heed to the warning or perhaps such covers will not come through.

Canada

The Lac la Ronge-Prince Albert-Montreal Lake covers come through bearing post marks of June 7 and 8, and with their usual fine cachets.

Of Interest

Graf Zeppelin

A. H. Davis reports that the dirigible will probably go to Buenos Aires, Argentine on her trans-Atlantic trip which starts Aug. 10th, and is expected to start her return trip from that city on Aug. 15th.

Soaring Society

The third National Gliding and Soaring Contest of the society will be held at Elmira, N. Y., July 11-24 and a cachet will be applied. Send covers to the Soaring Society of America, Elmira, N. Y.

Chamber of Commerce at Providence, R. I., state that they will have

cachet for the opening of passenger service to Newark, date uncertain, but either the Chamber or Walter M. Cuddy, 218 Vermont Ave., will take care of your covers.

It is reported that 16,431 covers were mailed at San Diego, Cal., on the first flight from that city.

Northampton, Mass., will have cachet for Washington Celebration, on July 26th and Henry Stackpole of that city will handle covers.

Detroit Philatelic Society sponsored a cachet for the river boat on Detroit River, the "Geo. F. Becker" the only floating P. O. July 1st.

Springfield, Ill., will have cachet for the 66th Nat. G. A. R. Encampment, this year. Covers to the Chamber of Commerce. Sept. 18th.

Detroit Air Mail Club will supply cachet for the Mich. Air Tour July 10th. Covers to W. T. Wynn, Jr., 7453 Freda, Dearborn, Mich.

Long Beach (Cal.) Stamp Club will have cachet for the Olympic Water Sports there Aug. 9th-13th. Covers to H. G. Trout, Secy., 2911 Marquita St.

Air Carnival and Circus at Dayton, Ohio, July 2-4, with cachet by the Chamber of Commerce. Morton Shulman, 114 Cambridge Ave., offers to take care of covers.

Chicago's Municipal Air Mail post office must be the busiest in the world as it is claimed that 60% of all U. S. air mail is handled there.

Elmer A. Carvey again favors us with sample of that wonderful penmanship, in the form of a cover bearing the new Olympic stamps.

Newark, N. J., will welcome Stanley Hausner on his return to that city with Chamber of Commerce cachet. Rush covers to Leo August, 510 So. 18th St. Hausner is said to have carried 50 covers on his Trans-Atlantic flight.

Cedar Rapids Stamp Club favors with cover of the Dedication of the airport in that city. Short notice and only 51 said to have been mailed.

Naval covers from J. N. Lawrence on U. S. S. Partridge, San Diego, Cal., on Flag Day, with naval stamp on same. He offered to mail covers for collectors on July 4th, but it's too late.

Co-operators: W. M. Cuddy, Henry Stackpole, R. F. Spiker, E. R. Beil, D. R. Heath, King Hostick, A. A. Gilbert, H. G. Trout, Morton Shulman, A. F. Adams, William Couter, Don Dickason, Emil A. Thurman, Elmer A. Carvey, Harold Coverley, D. M. White, J. N. Lawrence, A. H. Davis.

CYPRUS—AIR-MAILS

The latest Empire first flight was that to Cyprus and return, in April. Below are some representative covers of the flight, of which I hold a complete stock, at attractive prices. Enquiries invited for these as well as any other wants.

C. C. WEBER, CLEVELAND, OHIO
5008 Bridge Avenue

Our first vacation card comes from Ray Lawrence of Lawrence Bros. Ray is doing Washington and meeting Capitol City Precancel fellows.

Summer Stamp Inertia is interrupted by the receipt of two nice auction catalogs. Max Bier Co. and the Cross Stamp Co. Incidentally the Cross people mail theirs with a one cent old style Buro coil of Newark, N. J.

The June-July issue of the Windy City News comes in and we find it a tip top issue for summer reading. Some fine articles by all the old favorites, Jones, Gamber, Carson and others. A real issue.

The Buro Print Gazette reaches us. The June issue is enlarged and brim full of purely buro print data. The good work in plate breaks goes forward with 111 clear illustrations. All are credited to the various senders and it's interesting to see the fine array of well known names that are taking an interest in this interesting sideline. As a buro collector you should take this paper. A sample may be had free from Vic Rotnem of 121 Windemere Road, Staten Island, N. Y.

TRANSATLANTIC MAIL SERVICE

At the end of this year the Deutsche Lufthansa will establish a transatlantic service between British Gambia and Natal, Brazil. The mail bags for the Argentine will be handed over in Natal to the Condor Syndikat. Half way across the Southern Atlantic a vessel of 6000 tons will be stationed and will serve as a depot for fuel. On board there will be a workshop for repairs and meteorological and wireless stations.

The route will be from Germany via Marseilles, Barcelona, Cadiz, Canary Islands and Gambia.

—A. H. Davis.

SOCIETY OF PHILATELIC AMERICANS CONVENTION

The annual convention of this association will be held in Washington D. C., July 25th, 26th and 27th, 1932, and the officers for the ensuing year will be chosen and other business transacted.

The official hotel will be the celebrated Mayflower where moderate rates for the delegates have been secured and an interesting program has been prepared by the Washington collectors.

A trip to the Bureau of Engraving and Printing to see stamps in the making, the laying of the cornerstone of the new Post Office Department, a tree planting, the Government Printing Office, the largest print shop in the world, a bourse, an auction, and a final banquet will be among the attractions.

The utmost harmony prevails in the ranks of the society and the only nominees are Col. W. N. McKelvy of Washington for President; Dr. F. M. Coppock, Jr., of Cincinnati, for vice-president; George T. Bush, of Bellefonte, Pa., Treasurer; and, Frank L. Coes of Worcester, Mass., Secretary.

The society has a membership of about 1700 and excellent sales and exchange departments.

The local committee on arrangements comprises Col. W. N. McKelvy, J. F. Duhamel, H. G. Webb, H. F. Dunkhorst, W. H. Collins, W. F. Hoppe, J. H. Houston, H. C. Beck, A. F. Shimmack and others.

13,000 READERS NOW

WE WANT 15,000 BY NOVEMBER FIRST

That means 500 a month for the next four months.

We know that we can get this number by the help and assistance of all of our readers. In fact, we expect to get more than that number before our birthday issue of October 29th. On that date—

Linn's Weekly Stamp News Will be 4 Years Old

Help us celebrate this event by making it possible to announce to the Philatelic World that Linn's Weekly has, in the space of four short years, attained the largest circulation of any stamp publication in the whole world. We know it can be done. You know it can be done. If we all pull together—

IT WILL BE DONE

We will appreciate your help. To show you that we will appreciate your help we are going to give you a beautiful set of 12 of the Miniature Washington Bicentennial Pictures, reproductions from the famous paintings and sculptures from which this beautiful Bicentennial Set of Stamps has been copied, from the same set of pictures from which the engravers at Washington copied the stamps.

This set of miniature pictures is printed from the finest copper plate halftone cuts that we could have made. Each portrait is surrounded by a gold frame and with a beautiful tint background and a gray green border, a four color printing on fine glossy paper. Each print is 2x2¼ inches in size, there are twelve prints in the set, one showing the portrait as used on each of the 12 bicentennial stamps.

The cuts and engravings from which these prints are made cost over \$100.00 and that represents the cost of the first set of pictures that was made from these prints. Thus you get a duplicate of a hundred dollar set of pictures for only a little effort on your part. All you need do is to get a friend to subscribe for Linn's Weekly Stamp News, just a measly little 25c, send it to us with the name and address (Foreign \$1.00) and send along 5c extra for postage and mailing expense on the set of pictures and you get the set free for your help in building our subscription list up to 15,000 by November 1st. Postage stamps will be accepted.

If you do not want to take time to solicit the subscription and want a set of these famous pictures, remit 25c for a set and if you do not think they are worth the price, we will gladly refund the money on return of the pictures.

NO OFFICIAL STAMPS

Mr. David M. Quammen of Lemmon, South Dakota, calls our attention to the fact that the amendment to the tax bill which provided for the set of official stamps for government use was stricken from the bill. Thus there will be no issue of Official Postage Stamps probably because Congress does not want the people to know how much money is squandered in sending out campaign literature and other useless things.

WEDDING BELLS ARE NEXT

Cards announcing the betrothal of Miss Doris Boxer to Mr. Samuel Grossman of the Grossman Stamp Company of New York were sent out late in June. Congratulations are due Mr. Grossman as well as Miss Boxer.

REMEMBER THE ALAMO

This famous battle cry could be no better remembered than to have the Postoffice Department heed the request that is being made by citizens of Texas for a special postage stamp commemorating the Texas Centennial.

DALLAS STAMP COLLECTORS CLUB

At the June 13th meeting of the Dallas Stamp Collectors Club the membership was entertained with a lecture by Mr. Fred Posten of the Southwestern Paper Co. on "Paper". His lecture embraced just about everything that is worth knowing about paper so far as the stamp collector is concerned. The history of paper or its equivalent predecessors and the making thereof was traced by Mr. Posten from the remotest antiquity to the present. Numerous samples of raw materials, ingredients, adulterants, pulp, partially finished and finished stock were used in illustrating his lecture.
